

 **Live SurgiWire!** 
Live Surgiwire Redefined – Complex Surgeries Live in High Definition / 3D

(under the aegis of Karnataka Ophthalmic Society & Bangalore Ophthalmic Society)

On May 18th - 19th, 2013

Sheraton Bangalore Hotel, Rajaji Nagar, Bangalore

We send you greetings from Narayana Nethralaya, Bangalore. You would have already received our preliminary invitation for the CME we are conducting on the **18th and 19th of May 2013**, called **“Live Surgiwire Redefined – Complex Surgeries Live in High Definition”**, at Hotel Sheraton, Bangalore. To recap, we will have a series of didactic lectures or the **“Science behind the Art” post lunch on the 18th of May**. This will be followed by a whole day of live surgery or the **“Art which drives the Science” on the 19th**. This will probably be the first time ever that anyone has attempted to telecast a whole day of complicated cataract and refractive surgeries **live in 3-D or at the very least in High Definition**.

We have now finalized the panel of speakers and topics. We have an eminent panel lead by **Dr. Ronald Yeoh**, Medical Director, Eye & Retina Surgeons, Camden Medical Centre, Singapore. He is also the secretary of the Asia Pacific Association of Cataract & Refractive Surgeons. The distinguished faculty include **Dr. R. D. Ravindran**, Chairman & Director, Aravind Eye Care System and **Dr. Abhay Vasavada**, Medical Director, Raghudeep Eye Clinic, Ahmedabad. As part of the national faculty we also have the very well-known **Dr. Arup Chakrabarti**, Trivandrum, **Dr. HariPriya Aravind**, Madurai and **Dr. Suvira Jain**, Mumbai, **Dr. Vandana Jain**, Mumbai. They will be complemented by our experienced in-house speakers from Narayana Nethralaya.

We promise you one and a half days of intense scientific exchange of the highest calibre. Narayana Nethralaya is now acknowledged to be at the forefront in embracing latest technology in diagnostics and surgery and we provide an opportunity for a **“no-holds barred”** discussion on all the topics mentioned and beyond. We have the latest in technology and the best talent in our consultants and both gel to make Narayana Nethralaya what it is today. Anyone interested in observing high technology and the human touch working in harmony at Narayana Nethralaya, is welcome to arrive a day earlier and be with us in the hospital.

Dr. Sudeep Das,
Senior Consultant, Cataract & Refractive Surgery
Organizing Secretary, Live Surgiwire – Redefined
Narayana Nethralaya, Bangalore

Dr. Rohit Shetty,
Vice-Chairman
Narayana Nethralaya, Bangalore
Patron
Live Surgiwire – Redefined

The “Science behind the Art” (18th May 2013, 1 - 5PM)

- ▶ “Explaining the Unexplained” – Visual Metrics (Topography, OQAS, iTrace etc.)
Dr. Mukesh Paryani
- ▶ “Go Topical” – The surgeon's and patient's perspective
Dr. Suvira Jain
- ▶ “Zernike Optimized Cataract Surgery (ZOCS)” - Customized Cataract surgery has arrived !
Dr. Ridhima Bhagali
- ▶ “Femto-cataract Surgery” – A Paradigm Shift
Dr. Ronald Yeoh
- ▶ “Demystifying Phaco” with the appropriate techniques and settings
Dr. R D Ravindran
- ▶ “I've got a PCR” – What do I do next? Preventing & managing PCRs / ZDs optimally
Dr. Abhay Vasavada
- ▶ Essentials for starting & managing an ophthalmic practice
Panel Discussion - Dr. Vandana Jain / Dr. Mathew Kurian
- ▶ “Corneal Customization for Cataract Surgery” – Cataract Surgery In Optically Compromised Corneas
Dr. Rohit Shetty
- ▶ Cataract Surgery in Difficult situations – Posterior polar cataracts
Dr. Arup Chakrabarti
- ▶ “Curious case of the Migrating IOL” – Getting it back in position
Dr. Sudeep Das
- ▶ IOLs in the absence of capsular support – Angle / Iris / SFIOL
Dr. Haripriya Aravind
- ▶ “Special IOLs for special situations” – Piggyback IOLS, Phakic IOLS etc.
Dr. Mathew Kurian

VIDEO ASSISTED WORKSHOPS (18th May 2013, 5-7PM)

- ▶ Biometry, IOL power calculation in Premium IOLS & special situations
- ▶ Machine Speak (Perfecting outcomes in cataract surgery – What one has to understand about pre-op imaging)
- ▶ Complex Surgeries (Phaco in Difficult Situations like Subluxated Cataracts, Miotic Pupil, Beyond Brown, Soft, Compromised Corneas, High Myopes etc.)

Banquet & DJ night to follow...

“Art which drives the Science” – LIVE SURGERY (19th May 2013, 9AM - 4PM)

Session 1 – Cornea (09.00 - 10:30 AM)

Customized Laser Ablation for a complex cornea on Refractive Suite - ***Dr. Sharon D’Souza***

INTACS implantation for Keratoconus - ***Dr. Kareeshma Wadia***

LASIK X-tra (Strengthen the cornea after LASIK using Accelerated Cross linking)
- ***Dr. Ambarish Darak***

Session 2 – Tech Highlights (10:30AM -01.00PM)

LenSx + Autosert + Acrysof ReSTOR Toric IOL - ***Dr. Ronald Yeoh***

LenSx + Autosert + Toric IOL - ***Dr. Sudeep Das***

LenSx + Astigmatic Keratotomy + Autosert + Acrysof ReSTOR IOL - ***Dr. Mathew Kurian***

Implantable Collamer Lenses - ***Dr. Mathew Kurian***

Sulcoflex Piggyback IOL - ***Dr. Sudeep Das***

Express Glaucoma Filtration Device

Session 3 – Complex Surgeries (01.30 - 5.00PM)

1) Phaco In Difficult Situations

a) Rock Hard Cataracts - ***Dr. Abhay Vasavada***

b) Posterior Polar Cataract - ***Dr. Arup Chakrabarti***

c) Subluxated Cataract - ***Dr. Haripriya Aravind***

d) Small Pupil (Malyugin rings / hooks) - ***Dr. Sudeep Das***

e) Intumescent Cataracts - ***Dr. Mathew Kurian***

2) “Tele-Mentoring System” (Phaco by in-training Fellows), to highlight the learning curve - Dr. Soumya Ganesh / Dr. Sudeep Das

3) SFIOLs

a) Traditional Sutured - ***Dr. Mathew Kurian***

b) Glued (No suture) SFIOL / No Peritomy Sutured SFIOL - ***Dr. Sudeep Das***

4) Repositioning of Malpositioned IOLs - Dr. Sudeep Das

Send your registration at the earliest. Registration form is attached.

Early bird registration(last date May 4th) Rs: 500/- (Fellows & Residents Rs: 100/-)

Spot registration Rs: 2000/-
