Opp. Lalbagh West Gate,

Bangalore 560 004.

Ph No.: 080-26567878, 9379269660

Email : jyothilasikvision@gmail.com

Excimer Laser refractive surgery has become the procedure of choice for correction of refractive errors. While the procedure seems simple, attention to detail is essential in pre-operative assessment and surgery, in order to have good outcomes and happy patients. This programme is designed for a very practical approach to taking the right decisions in choosing the appropriate procedure and counseling patients about the procedure.

The focus therefore, is more on case presentations and methodical analysis of each case. Live surgeries in between presentations will round off the discussions. We request you to grace our center with your presence and take an active part in the academic deliberations. Registration is complimentary, but please register by phone, sms or e-mail to Jyothi Lasik Vision Center.

Faculty

Dr. Rama Murthy, Coimbatore.
Dr. Vidyashankar, Bangalore.
Dr. Rekha Gyanchand, Bangalore.
Dr. Elan Kumaran, Bangalore.
