Dear Colleague,

It has been a while since we have had a CME based solely on Ocular Inflammations. I welcome you to the CME on “Ocular Inflammations – Challenging Case presentations” to be held at Taj Vivanta (MG Road), Bangalore on the 2<sup>nd</sup> June 2013, under aegis of Karnataka Ophthalmic Society and Bangalore Ophthalmic Society. A range of challenging cases of uveal, scleral and retinal inflammations managed by the faculty will be presented in this CME, which will be followed by interactive panel discussions. The faculty includes well-known experts in the field of uveal and retinal inflammations, ocular microbiologists and ocular pathologists. I am sure we can definitely look forward to clearing doubts we may have, wrt clinical patterns, distinctions between infections and non-infectious entities, masquerades, PCR,

modalities of treatments etc., by them. The highlight of this CME is also the audience response systems for interactive audience participation.

We hope learning from experiences of colleagues in handling challenging cases will definitely go a long way in serving our patients better in the days to come.

I look forward to your participation in this CME.

**Dr. Kalpana Babu**  
Organising Secretary
